

Beech Class Homework Grid - 2.11.26 – 18.12.26

Complete as many of the grid activities as you can. Hand in one a week to gain a raffle ticket each week to take part in the Beech Class Raffle. Just ask if you need any paper or resources from school ☺

Make a winter collage using old magazines or Christmas catalogues. 	 Complete a jigsaw puzzle and take a photo.	Measure everyone in your family in cm. Convert each measurement into metres and cms.
Create a winter scene using an art medium of your choice such as chalk, crayons, or watercolours etc. 	Make mince pies with an adult. 	Read a christmas themed book and write a book review.
 Design a christmas card in French and post it to a member of your family.	Research different Christmas traditions throughout the ages. 	**Melting Ice Experiment:** Test how fast ice cubes melt using different variables (salt, sugar, sand, wrapped in foil/cloth) and record the results.
